WATER TECHNOLOGY

WHAT IT DOES

Disinfects

destroys bacteria and germs

Filters

removes all particulates and undesirable tastes and odours

Softens

eliminates the incidence of calcium and 'limescale' deposits

Demineralises

removes all minerals at washing and rinsing stages to ensure ultimate cleanliness

Lubron is an OEM manufacturer and supplier, from single items to full system designs for the most sophisticated kitchen concepts

WHAT IT ACHIEVES

Reduced

staffing levels for drying and polishing tableware

Remarkable

washing results of all tableware

Absolute

cleanliness and hygiene

Stunning

table presentations

Improved

beverage quality

Reduced

tainting of food

Lower

equipment maintenance and operating costs, downtime and wastage
